RTA™ ist ein eingetragenes Warenzeichen von

PMA Mobile Electronics GmbH, A-6372 Oberndorf/Tirol, Römerweg 50, Österreich

Tel: +43 5352 67778, Fax: +43 5352 67778 3

Installation:

1. Setzen Sie die richtigen Dipschalter Einstellungen auf dem Interface.
2. Zuerst das Lenkradfernbedienungskabel zwischen Radio und Lenkradfernbedienungsadapter anschließen.
3. Verbinden Sie den Kabelsatz mit dem Interface und dem Fahrzeug.

Installation Instructions:

1. *Set the correct dipswitch settings on the Interface.*
2. *First connect the steering wheel control cable between head unit and stalk control adapter.*
3. *Connect the cable harness to the interface and the car.*

Störungsbehebung:

Für den Fall, dass der Adapter funktionslos bleibt oder nur Teilfunktionen ausführt bitte folgende Schritte durchgehen.

- Stecker, Pinbelegung und Verkabelung prüfen
- Das Fahrzeug für 15 Minuten stromlos (- Kabel von der Batterie abklemmen) machen.

Troubleshooting:

In case the interface doesn't function at all or fails partially please

- *Check connectors, pin assignment and wiring*
- *Disconnect the (-) minus cable from the battery for 15 minutes.*
