GET TO KNOW YOUR SMARTWATCH

APPS TO CONNECT YOUR SMARTWATCH TO

Android

Open the Google Play Store and search “Da Fit” to download and install the app. You can also scan the QR code down below to go straight to the right application.

iOS

Open the App Store and search “Da Fit” to download and install the app. You can also scan the QR code down below to go straight to the right application.

GET STARTED WITH YOUR SMARTWATCH

Power-on

Long press the side button for 3 seconds or plug in the charger to charge the smartwatch prior to powering on.

Connect the smartwatch to your phone

Open the Da Fit app on your smartphone and follow the next steps:

1. Click on "Add Device" (image 1).

When using an Android smartphone, you can connect the smartwatch directly your smartphone through the Bluetooth settings.

2. Click on your device named "P8a" in the device list scanned (image 2).

When using an iPhone, your phone will show a Bluetooth pairing request. You can click on Bluetooth "Pairing" to confirm the Bluetooth link (image 3).

3. You are now connected and ready to use your smartwatch.

FREQUENTLY ASKED QUESTIONS

My smartwatch disconnects after a while.

If the “Da fit” app is restricted to stay active in the background, the device may be disconnected by your phone and requires re-connecting. The app can be configured to stay active in the background by changing your phone’s settings of the “Da Fit” app.

I am not receiving push messages.

Allow the app to send push notifications in the app settings.

Is my smartwatch waterproof?

Yes. The smartwatch has a IP67 waterproof rating. This means that it can withstand up to 5 seconds of immersion with a maximum depth of up to 1 meter.

Is there a quick screen wake-up activation for my smartwatch?

Yes. There is a smart wake-up activation by wrist movement.

How can I remove my smartwatch in the app?

You can easily disconnect the device by clicking “remove device” in the app. Note for iOS users: go after removing the device from the app to your Bluetooth settings, click on the “i” and forget the smartwatch from your smartphone.

How long is my smartwatch covered under warranty?

We provide a 24-month warranty on all our products after purchase (with some exceptions). Unfortunately we cannot treat product that have become defective due to incorrect use, fall damage, water damage, etc.
